

HELP AARON RECOVER AFTER HIS SERIOUS MOTORCYCLE ACCIDENT

I can't believe I'm writing this story from my hospital bed.

Just a few days ago, on June 27, 2026, I was on my way to a friend's house when my life changed in an instant.

As I was riding down the highway, another driver suddenly crossed two lanes directly in front of me and then slammed on their brakes. I had no time to react, and the collision left me with life-changing injuries.

Looking back, I thank God that I survived because I know this accident could have been so much worse.

Right now, I remain in the hospital, focusing on healing one day at a time.

My injuries include **multiple broken ribs, punctured lungs, liver damage**, and a **fractured shoulder**. Every breath and every movement is a reminder of how serious this accident was, and I know the road to recovery will take time.

Anyone who knows me knows that asking for help is one of the hardest things I've ever had to do. I've always believed in working hard and taking care of my own responsibilities. Today, however, I find myself needing the support of others while I recover.

The funds raised will help with **medical expenses** and **everyday living expenses** during my recovery, allowing me to focus on getting better instead of worrying about how I'll make ends meet.

If you are able to donate, share my story, or keep me in your prayers, I would be truly grateful.

Thank you for your kindness, support, and generosity during this difficult time.
