

HELP AMANDA HEAL AND GET BACK ON HER FEET AFTER HER ACCIDENT

My name is Amanda Taylor, and I am organizing this **HelpVy campaign** after a serious accident on Friday, November 13th left me injured, struggling to walk, and unable to work.

That afternoon, I was on my way to pick up my son from school when I was involved in a serious accident. I was taken by ambulance to the hospital, where I remained for about 24 hours.

I suffered a small fracture near my collarbone and rib, significant road rash, back pain, and an injured and badly bruised right ankle. Walking is still difficult, and I am now seeking additional medical care because my ankle continues to cause me problems.

Before the accident, I was working two jobs and doing everything I could to support myself and my two boys. I lost one of those jobs after the accident, and my second job has been put on hold while I recover.

My boys, Kaiden, who is 13, and Elias, who is 10, are the loves of my life. My boyfriend Kevin has also been helping me tremendously since the accident, along with our two dogs, Tank and JoJo, who are an important part of our family.

Riding has also connected me with some wonderful people over the years. My father is involved with **Bikers Against Child Abuse (BACA)**, and when he visits, I have had the opportunity to ride with BACA as well. I also ride with different groups in the biker community, even though I am not a formal member of a club.

Right now, I am focused on healing, being there for my boys, and getting healthy enough to return to work.

Funds raised through HelpVy will help with my medical and everyday living expenses while I recover and work toward getting back on my feet financially.

If you are able to donate or share my story, my family and I would be incredibly grateful.
