

HELP BRANDEN HEAL AND GET BACK TO WORK AND HIS SON

On **October 22, 2026**, I was on my way to work when I was involved in a serious accident that left me injured and suddenly unable to do the physical work I depend on.

My name is **Branden Revely**, and I suffered a **broken right tibia, a broken right pinky, nerve and tendon injuries to both middle fingers, and road rash across my chest, pelvic area, left knee, and left hand**.

I am scheduled to undergo **surgery on my right leg in about two weeks**, and right now I am spending most of my time in bed trying to manage the pain.

Before the accident, I worked full time as a **professional arborist**. I climb trees for a living, which means I depend heavily on my hands, legs, balance, and strength every day. With a broken leg and injuries to both hands, I honestly do not know when I will be able to safely return to work.

My girlfriend, **Jamie**, has been helping take care of me at home. We have been together for about a year, and this has been difficult for her too.

I am also the father of a **two year old son** who means everything to me. I help financially support him, and being unable to work creates another worry at a time when I need to be focused on healing.

Funds raised through HelpVy will help with **my medical and everyday living expenses** while I undergo surgery, recover, and work toward getting back to the job and people who depend on me.

If you can donate, please consider helping me through the difficult weeks and months ahead. If you cannot donate, sharing my story would also mean a great deal to me and my family.
