

HELP BRANDON RECOVER AFTER HIS MOTORCYCLE ACCIDENT

I never imagined I'd be writing a story like this.

On **July 17, 2026**, I was on my way to work. I was less than a minute away from my job when my life changed in an instant.

I was involved in a motorcycle accident that left me with multiple serious injuries. An ambulance transported me to the hospital, where I began what I know will be a long road to recovery.

I suffered a **broken wrist, broken arm, broken thumb, and a fracture in my right leg**. This Monday, I am scheduled to undergo surgery on my arm. While I'm thankful to be here, I have a long recovery ahead of me before I can return to work and the life I enjoy.

Just **three weeks** before my accident, I started a new job as a **General Service Technician at Big O Tires**. I was excited for this opportunity and looked forward to building my future there. I really like the people I work with and the customers I have the opportunity to serve every day. It's heartbreaking that my time there has been interrupted so soon after getting started.

Like so many people, I depend on being able to work to provide for myself. Being sidelined because of my injuries has created an unexpected financial burden at a time when I should be focused solely on healing.

Asking for help isn't easy, but today I truly need it.

The funds raised will help with **medical expenses** and **everyday living expenses** while I recover and work toward getting back on my feet.

If you are able to donate, share my story, or keep me in your prayers, I would be sincerely grateful.

Thank you for your kindness, generosity, and support during this difficult time.
