

# HELP CISCO HEAL AND GET BACK TO THE ART HE LOVES

My name is Francisco Guerrero, but everyone knows me as Cisco. I am organizing this **HelpVy campaign**after a serious accident on Thursday, November 19th left me injured and struggling to return to my work as a tattoo artist.

I was riding to work in Fort Worth, Texas, and was only a couple of minutes away from the tattoo shop when I was struck and flung off my bike

I injured my hips, lower back, left knee, and right hand. I suffered painful bruising, road rash abrasions, and my right hip continues to pop and cause discomfort. Even sitting down, standing up, and moving around have been painful. I have a therapy appointment scheduled as I continue dealing with these injuries.

I am a tattoo artist at **Halo Tattoo in Fort Worth**, where I have worked at the same location for five years. I love creating art and working with my clients, but tattooing requires precision, concentration, and steady hands. My right hand is what I use to make a living, and right now it is still hurting.

I have already missed several days of work because of the accident, which has meant lost income at a time when I still have everyday expenses to cover.

Outside of work, the loves of my life are my three children: my ten-year-old son, five-year-old daughter, and four-year-old son. Being a present and involved father is incredibly important to me, and I work hard to be there for them.

Funds raised through HelpVy will help with my medical and everyday living expenses while I heal and work toward getting back to my normal routine.

If you are able to donate or share my story, I would be incredibly grateful.
