

HELP DALLAS HEAL AND SUPPORT HIS FAMILY AFTER HIS ACCIDENT

My name is Mackenzie Walker, and I am organizing this HelpVy campaign for my husband, Dallas, after a serious accident on November 11, 2026 left him with devastating injuries to both arms and facing months of recovery.

November 11 was Veterans Day, a day that carries special meaning for our family because Dallas is a military veteran. Instead of spending the day being recognized for his service, Dallas was fighting through one of the most serious injuries of his life.

Dallas was on his way to work when the accident happened. His injuries were serious enough that he had to be life flighted to the hospital for emergency medical care.

I learned about the accident when his manager called me and told me Dallas had been seriously injured. My heart sank.

I immediately had to call my mom to pick up our five year old daughter from school and then make another incredibly difficult call to Dallas's mom to tell her what had happened.

Dallas suffered severe injuries to both arms. Both arms are completely broken, and he also suffered a broken elbow, broken fingers, and bleeding in his groin area. He underwent surgery on his right arm shortly after the accident and is scheduled to undergo another surgery on his left arm.

He remains in the hospital, and we have been told that he could be unable to work for approximately three months, possibly longer depending on his recovery.

Dallas is a mechanic who works on side by sides, ATVs, and motorcycles at C&C Cycles. He has

been there for about seven months and enjoys both the work and the people he works with.

Working with his hands is how Dallas provides for our family, which makes injuries to both of his arms especially difficult.

Dallas is the primary breadwinner in our household. We have two beautiful daughters, one who is five years old and our youngest who is only ten months old. Losing his income for months is going to create a tremendous financial strain on our family at a time when our focus needs to be on his recovery.

Dallas is more than my husband. He is my best friend.

He is hardworking, loving, supportive, and always there whenever I need him. He served our country as a member of the military, and he is also the kind of person who is the first to help someone else and the last person who would ever want to ask for help himself.

Right now, though, Dallas needs help.

Funds raised through HelpVy will help with his medical and everyday living expenses while he undergoes surgery, recovers from his injuries, and remains unable to work.

If you are able to donate or share Dallas’s story, our family would be deeply grateful. Every donation and every share will help relieve some of the financial pressure while Dallas focuses on healing and getting back to being the husband, father, veteran, and hardworking provider our family depends on.

Mackenzie Walker, for Dallas and our family □□
