

## HELP DALLAS RECOVER AFTER HIS MOTORCYCLE ACCIDENT

My name is **Dallas Kempke**, and I never imagined I would find myself needing to ask for help like this.

On **April 24th**, I was on my way to **work** when I was involved in a serious **motorcycle accident** on Cedar Lake Road. A truck pulling a trailer was turning into Wesley Acres and suddenly stopped with the trailer blocking my lane. I was unable to avoid the collision and crashed into the back of the trailer.

As a result of the accident, I suffered a **broken right wrist**, multiple **facial fractures**, a **broken jaw**, and several **broken teeth**. I was hospitalized for **three days** and have already undergone **two surgeries**, including surgery on my wrist and surgery to repair facial fractures. My jaw was also wired shut during recovery.

I have an amazing **wife** and two beautiful **children** who mean everything to me. Being the **breadwinner** of our family, being unable to work has placed a financial strain on all of us during this difficult time.

I work as a **tire technician at NTB/Mavis in Decatur, Alabama**, and I truly love the people I work with and the customers I get to help every day.

Motorcycles have always been an important part of my life, and before this accident I was looking into joining **The Bible Thumpers Motorcycle Ministry**, a faith based riding community centered around fellowship, faith, and helping others through rides and community events.

As I continue recovering from these injuries, I am asking for help with **medical bills** and

everyday living expenses while I am off work.

If you are able to **donate**, share my story, or keep me in your **prayers**, it would truly mean so much to me and my family.

Thank you for your kindness, support, and generosity during this difficult time.
