

HELP GARY RECOVER AFTER HIS MOTORCYCLE ACCIDENT

My name is **Gary Roberts**, and I never imagined I would find myself needing to ask for help like this.

I have been riding motorcycles for over **20 years**, and riding has always been something I truly enjoy. A few days ago, I was involved in a serious **motorcycle accident** when another driver suddenly pulled into my lane directly in front of me. I slammed on my brakes trying to avoid a collision, lost control of my motorcycle, and was thrown from the bike.

I was taken to the **hospital**, where I underwent a **CT scan** and multiple X rays. Doctors found a **broken bone in my right foot** along with multiple fractures, and there is still a strong possibility that I may require **surgery** on my foot. Since the accident, I have been having significant difficulty with **walking** and getting around normally.

I work hard as a **heavy duty operator** and am a proud member of **Union Local 12**. Providing for my family has always been important to me. I have **two wonderful children** who mean everything to me, and being unable to work right now has been extremely stressful. I am also currently going through a **divorce**, which has made this difficult situation even harder financially and emotionally.

Anyone who knows me knows I am usually the **first one to help others**, but I have never been comfortable asking for help myself.

As a result of my injuries, I will be off work for a while, and I am asking for help with **medical bills** and everyday living expenses while I recover.

If you are able to **donate**, share my story, or keep me in your **prayers**, I would truly appreciate

it more than words can express.

Thank you for your kindness, support, and generosity during this difficult time.
