

HELP JEFF RECOVER AFTER A SERIOUS MOTORCYCLE ACCIDENT

Hi everyone, I can't believe I'm writing this.

My name is **Jeff Honeycutt**, and just recently, my life changed in an instant. Last Wednesday, April 22, 2026, I was heading home from a friend's house when a driver suddenly **pulled out in front of me**, causing a collision.

I suffered multiple injuries including **road rash on my right arm and hip**, a **swollen ankle and knee**, a **dislocated left thumb**, and a **deep wound in my left knee that required 35 stitches**. Both of my **shoulders are injured**, adding to the difficulty of my recovery.

I am currently dealing with a serious **shoulder injury**, and I am scheduled to see an **orthopedic surgeon** to determine if I will need **surgery**. Along with that, I've been struggling with **mobility issues** and difficulty **lifting**, which has made everyday life incredibly challenging.

I am **self-employed as a tow truck driver**, and I truly love what I do and the people I get to help. Right now, I am unable to work and will likely be out until **September**, which has put a serious strain on my family.

I've been married to my wife for **23 years**. We met at **church**, and together we've raised **three amazing children** that I am incredibly proud of. We are both active **church leaders and deacons** at the **Church of God of Prophecy in Anniston, Alabama**, and we also volunteer at church camp every June.

Riding my motorcycle has always been special to me. It's something I've always described as **"you and God time."**

This is not easy for me to ask, but I need help with **medical expenses** and **everyday living costs** while I recover.

If you are able to **donate**, **share my story**, or keep me in your **prayers**, it would mean so much to me and my family.

Thank you for taking the time to read my story and for your support.
