

HELP JESUS HEAL AND GET BACK TO WORK AFTER HIS ACCIDENT

My name is Jesus Maldonado, and I am organizing this **HelpVy campaign** after a serious accident on Sunday, November 15th left me with multiple injuries and unable to work.

I had just finished work and was heading home when the accident happened. I was thrown from my bike and taken by ambulance to the hospital in critical condition.

I suffered fractures to my right hand, right knee, and right foot, along with road rash and other injuries. I spent three days in the hospital, including two days in the trauma unit, and I still need follow-up care and an MRI to determine the full extent of my injuries.

Before the accident, I was working through a temp agency, mostly doing physical warehouse work such as loading and unloading trailers by hand.

I was already living paycheck to paycheck and doing everything I could to make ends meet. Now, with my hand, knee, and foot injured, I cannot do the physical work I depended on for income.

My two younger brothers mean everything to me. I am the oldest, and the three of us have always looked out for one another and done our best to get through life together.

I am also facing this recovery without health insurance, which makes the medical care and testing ahead even more difficult financially.

Right now, my focus is on healing, completing the medical treatment I need, and getting back to the point where I can work and support myself again.

Funds raised through HelpVy will help with my medical and everyday living expenses while I recover and remain unable to work.

If you are able to donate or share my story, my brothers and I would be incredibly grateful.
