

HELP JOE RECOVER AND KEEP PROVIDING FOR HIS FAMILY

On **Tuesday,October 13, 2026**, I left work during my lunch break expecting to grab something to eat and head right back. Instead, I was involved in a serious accident that sent me to the emergency room.

I am **Joe Conley**, and since that day I have been dealing with injuries that continue to affect me every day.

My **right index finger was split open**, and I injured my neck, lower right back, abdomen, right leg, and foot. I have also been struggling with **frequent headaches** since the accident.

I was taken by ambulance to the hospital, where doctors examined me, took X rays, and gave me IV fluids. Thankfully, no broken bones were found, but the pain has continued.

I missed about **three days of work**, which meant three days without income. I have since returned to my job as a **service porter at Bob Hurley RV**, where I have worked for about eight years, but I am still pushing through pain and headaches.

The hardest part is knowing my family depends on me.

My wife, **Miranda**, and our **four year old son, Henry**, mean everything to me. I am the only income in our household, so staying home until I feel completely better is not really an option.

Funds raised through HelpVy will help with **my medical and everyday living expenses** while I continue recovering and working through the effects of this accident.

I am doing everything I can to keep moving forward for Miranda and Henry. If you are able to

donate or share my story, our family would be deeply grateful.
