

HELP JONATHAN RECOVER AFTER HIS SERIOUS MOTORCYCLE ACCIDENT

I never thought I would be writing a story like this.

Asking for help has always been one of the hardest things for me to do, but today I find myself needing it.

On the morning of **July 9, 2026**, I was riding my motorcycle to a doctor's appointment when I got into an accident.

A vehicle suddenly pulled out directly in front of me. I had no choice but to lay my motorcycle down to avoid an even worse collision. I don't remember much after that. I blacked out and didn't regain consciousness until I was in the ambulance. Witnesses at the scene confirmed that the driver had pulled out in front of me.

I was taken by ambulance to the hospital, where doctors diagnosed me with a **broken right clavicle** and significant **road rash** across the right side of my back.

Right now, I'm living with constant throbbing pain around my clavicle and have difficulty lifting even the simplest things. I will need surgery to repair my broken clavicle and have an appointment with an orthopedic surgeon in a couple of weeks to discuss the procedure.

I work in **commercial sales at Lightcurve**. I truly enjoy my job, my incredible team, and the customers I have the privilege of serving every day.

The greatest joy in my life is my three amazing children: **Mercy (16)**, **Ezra (14)**, and **Jude (9)**. They are my motivation to heal and get back on my feet.

There is another part of this accident that has been especially difficult. My **2006 Yamaha Stratoliner 1900** sustained approximately **\$3,000 in damage**. The motorcycle isn't just transportation—it was a gift from my late father and carries tremendous sentimental value. My car had recently broken down, so I had taken the bike out of storage to get to my doctor's appointment that morning.

The funds raised will help with **medical expenses, everyday living expenses**, and repairing my motorcycle so I can preserve something that means so much to me.

If you are able to donate, share my story, or keep my family and me in your prayers, I would be truly grateful.

Thank you for your kindness, generosity, and support during this difficult time.
