

HELP JULIO GET BACK ON HIS FEET AFTER MOTORCYCLE ACCIDENT

My name is **Julio Aragon**, and I never thought I'd be in a position where I'd have to ask for help like this.

This accident happened on what started as a **beautiful day**, as I was on my **way to work**. In a matter of seconds, everything changed.

I was riding my motorcycle when a car **side-swiped me from behind**, hitting my right leg and sending me off my bike. I rolled across the ground, not knowing how bad it was going to be.

I was taken to the hospital, and thankfully, I am now **out of the hospital**, but I'm still dealing with injuries including a **swollen right leg** and **scrapes on my elbow**.

Since the accident, I have been on **bed rest** and am currently **unable to move much at all**. I have **severe contusions** that my doctor expects could take up to **three months for a full recovery**, and it is very difficult for me to **walk on my right leg** right now.

I work as an **ironworker with Local 5 Iron Workers**, and my job requires full **mobility** — climbing, balancing, and walking on high beams. At the moment, that's something I simply cannot do.

I'm also a **handyman**, and I've always been the kind of person who is **first to help others** whenever they need it.

More than anything, I'm a provider. I love my **girlfriend and my five children**, and being the **breadwinner for my family** means everything to me.

This accident has impacted every part of my daily life. I'm currently unable to do simple things like **cook meals (something I truly enjoy)**, take care of **household chores like mowing the lawn or taking out the trash**, and I'm even missing out on my kids' **soccer games**, which has been especially hard.

Since the accident, I haven't been able to work, which has already resulted in a **loss of income**, and I've missed several days of work. My doctor has said I may be able to return around **June 1, 2026**, but that is still uncertain and depends on my recovery.

As a result, I need help covering **financial and living expenses** for the next couple of months while I heal.

Asking for help is not easy for me, but right now, I truly need it.

If you're able to support me — whether through a **donation**, a **share**, or a **prayer** — it would mean more than I can say.

Thank you for taking the time to read my story and for standing with me during this time.

With gratitude,
Julio Aragon☐☐
