

HELP JUSTIN RECOVER AFTER HIS ACCIDENT

My name is Justin Powers, and I am organizing this **HelpVy campaign** after a serious accident on Saturday, November 14th left me injured and unable to work.

I was involved in an accident while riding in Anderson, South Carolina. I was taken to the hospital, where doctors treated me for a badly broken thumb along with significant pain in my back and ribs.

My thumb broke at the socket and will not go back into place. I have an appointment with an orthopedic specialist to determine when I will have surgery to my thumb.. I am also continuing to deal with pain through my back and rib area.

Before the accident, I worked as an industrial electrical superintendent. It is a demanding job, and I cannot return until I am medically cleared.

While I am out of work, I am not being paid.

The loves of my life are my two children, my eight-year-old daughter and six-year-old son. I have them with me every week, and being able to work, provide for them, and be the father they depend on means everything to me.

I am also a man of faith. Looking back at what happened, I truly believe God was looking out for me and that things could have turned out much worse.

Right now, my focus is on healing, finding out whether I need surgery, and getting healthy enough to return to work.

Funds raised through HelpVy will help with my medical and everyday living expenses while I recover and remain unable to earn an income.

If you are able to donate or share my story, I would be incredibly grateful.
