

HELP KEN RECOVER AFTER HIS SERIOUS MOTORCYCLE ACCIDENT

I can't believe I'm writing this story.

On **May 14, 2026**, my life changed in an instant when I was involved in a serious motorcycle accident.

Looking back, I'm incredibly thankful to be alive because I know the accident could have been much worse.

I spent a total of **six days in the hospital**, including **three days in the Intensive Care Unit**. My injuries included **nine broken ribs**, a **deep bruise to my left hip**, and a **sprained knee**. Even the simplest movements are painful, and recovery has been slow.

I'm retired, so I never expected to find myself facing unexpected medical bills and additional living expenses while trying to recover.

One of the greatest blessings in my life has been my motorcycle family. I am a proud member of **Gavel MC** in Longview, Texas, where I serve as a **National Elder**. The friendships, fellowship, and support I've found through the club have meant more to me than words can express.

Anyone who knows me knows that asking for help isn't something I do easily. I've always believed in taking care of myself and helping others whenever I can. That's what makes writing this story so difficult.

Today, though, I find myself needing the kindness and support of others as I continue to heal.

The funds raised will help with **medical expenses** and **everyday living expenses** while I focus

on recovering and getting back to the life I enjoy.

If you are able to donate, share my story, or keep me in your prayers, I would be sincerely grateful.

Thank you for your kindness, generosity, and support during this difficult time.
