

## HELP KURTIS RECOVER AFTER HIS SERIOUS MOTORCYCLE ACCIDENT

I can't believe I'm writing this story.

On **July 4, 2026**, I was on my way to a pool tournament when I experienced what appears to have been a mechanical failure that caused me to lose control and crash.

I was taken by ambulance to the hospital, where I spent **five days** recovering. During that time, I underwent surgery to repair my **broken left leg**. After leaving the hospital, I was transferred to a rehabilitation center to continue my recovery. I was finally able to return home just **two days ago**, but my journey is far from over.

Although I'm grateful to be home, the road to recovery will take time, patience, and determination. Every day brings new challenges as I work to regain my strength and independence.

I am retired, so I never expected to find myself facing unexpected medical bills and additional living expenses after an accident like this. The financial burden has become overwhelming at a time when my focus should be on healing.

Asking for help has never been easy for me, but today I find myself in a position where I truly need it.

The funds raised will help with **medical expenses** and **everyday living expenses** while I continue my recovery and rehabilitation.

If you are able to donate, share my story, or keep me in your prayers, I would be sincerely grateful.

Thank you for your kindness, generosity, and support during this difficult time.
