

HELP LEROY & TINA FARMER AFTER DEVASTATING MOTORCYCLE CRASH

Hi everyone, my name is **Leroy Farmer**.

On **March 30, 2026**, my wife **Tina** and I were out for a nice **spring motorcycle ride**, just enjoying time together like we've done for years.

In an instant, **everything changed**.

Another vehicle suddenly **merged into us and sideswiped us**, causing us to go down hard. We were both taken by **ambulance to Mercy Hospital**.

I suffered **road rash across much of my body**, and since then, I've been having a hard time **walking and lifting**. Tina's injuries were even more serious—she has **three broken ribs**, along with bruising and abrasions, and she had to stay in the hospital for **two days**.

Watching her go through that has been one of the **hardest things I've ever experienced**.

The truth is, it could have been **much worse**. I truly believe **God was looking down on us** that day, and we're incredibly grateful to still be here.

I'm a **disabled veteran**, a **husband for 25 years**, and a father to **two amazing children**. I'm also the **owner and operator of Farmer Firearms and Gunsmithing** here in **Fort Smith, Arkansas**.

I take a lot of pride in what I do. I **love my customers**, and I've always worked hard to **provide for my family**. I also volunteer with **Disabled American Veterans** and both Tina and I are active in our Catholic Church, **Immaculate Conception**, because **giving back** has always been

important to us.

We're **not the kind of people who ask for help**, but right now, **we need it**.

As a result of my injuries, I'm **limited physically**, and that directly affects my ability to **work and earn a living**. As a small business owner, if I can't be there working with my hands, **the income just isn't there**.

Now, with **both Tina and I injured**, we're facing **medical bills** and **everyday living expenses** at the same time our income has been impacted.

It's a **difficult position** to be in, and not one I ever expected.

If you're able to help, we would be **incredibly grateful**. Every donation will go toward **medical expenses** and helping us cover **basic living costs** while we recover and try to get back on our feet.

And if you're not in a position to donate, we completely understand—**please consider sharing our story**. That alone can make a real difference for us.

Thank you for taking the time to read this, and for any **support, prayers, or kindness** you can send our way.
