

HELP LEVI RECOVER FROM A MOTORCYCLE CRASH AND GET BACK ON HIS FEET

Hi Everyone, my name is **Lilly Rigg** and my loving boyfriend **Levi Ballance** was in a serious accident this past Saturday.

Levi and I are expecting our first baby this August, and this has been an incredibly emotional and difficult time for our family.

This accident has turned our lives upside down.

On March 14, 2026, Levi was involved in a motorcycle accident in Tulsa, when a vehicle suddenly cut him off, causing him to be thrown from his bike. Emergency services rushed him to the hospital by ambulance.

Levi suffered **fractures in both ankles**, an **injury to his right finger**, and he has been experiencing **severe soreness, abdominal pain, and difficulty breathing**. He is scheduled to see an **orthopedic surgeon this Wednesday** to determine whether surgery will be required.

Because of his injuries, Levi will be **unable to work for some time**, and we are extremely worried about how we will manage during his recovery — especially with a baby on the way.

Levi currently works at **Arcwood Environmental** as a **Field Technician**, where his main responsibility is responding to, managing, and cleaning hazardous waste situations. It's demanding and important work, and he has been there for about a year and has truly **enjoyed being part of the team**. Levi takes a lot of pride in helping keep communities safe through the work he does. Before this, Levi worked as a **Detention Officer in Okmulgee, Oklahoma**, and he truly loved the people he works with and the community he served. Anyone who knows Levi knows he is the kind of person who shows up for others when they need help. He has always

worked hard to support our family, and right now he is our **sole breadwinner**.

Levi has always been someone who gives back. He proudly supports the **Downed Bikers Tulsa Chapter**, an organization that helps injured riders and their families during difficult times. Now, Levi is the one who needs help.

We are raising funds to help cover medical and living expenses and transportation so Levi can get to medical appointments and eventually return to work

Any support, whether through a donation or simply sharing this campaign, would mean the world to us during this incredibly challenging time.

Thank you from the bottom of our hearts for helping our family get through this.

— Lilly Rigg ☐
