

HELP MARISSA HEAL AFTER HER SERIOUS ACCIDENT

My name is **Frank Griego**, and I am organizing this campaign for my granddaughter, **Marissa**.

On **September 26, 2026**, Marissa and I had gone out to spend some time together and get a burger.

On our way home, we were involved in a serious accident that changed everything.

Marissa was taken by ambulance to the hospital, where doctors discovered the extent of her injuries.

She suffered a **shattered left kneecap that required surgery, a concussion, a serious injury to her scalp that left an area of skin and hair missing, and extensive road rash across her body**. She also has areas where chunks of skin were torn away.

When we spoke with HelpVy, Marissa was **still in the hospital and in tremendous pain**. Her head was pounding, her injuries were hurting badly, and doctors had not yet told us exactly when she would be able to go home.

Seeing my granddaughter go through this has been incredibly difficult.

Before the accident, Marissa was working at **Lids**, a job she enjoys. She likes the people she works with and enjoys helping the customers who come into the store. Now, instead of going to work and living her normal life, she is facing a difficult recovery from a serious knee injury and the other injuries she suffered.

To me, Marissa is **amazing, smart, funny, and incredibly lovable**. She means so much to our family, and all we want right now is to see her heal and regain her independence.

Her recovery will take time, and being unable to work will only add to the financial pressure she is facing.

Funds raised through HelpVy will help with **Marissa’s medical and everyday living expenses** as she continues healing and begins the long road back to the life she had before the accident.

If you are able to donate or share Marissa’s story, our family would be deeply grateful.
