

HELP MATT HEAL AND GET BACK ON HIS FEET

On **Monday, October 19, 2026**, I had just finished work and was on my way to meet my girlfriend, **Corie**, when I was involved in a serious accident in Colorado Springs.

My name is **Matt Johnson**, and that accident left me with devastating injuries to my left foot and ankle that have completely changed my day-to-day life.

I suffered a **severely crushed left ankle, two broken toes, and a broken metatarsal in my left foot**. I have already undergone **two surgeries** to repair the damage and spent a total of about **five days in the hospital** between my initial hospitalization and a second admission for surgery.

Right now, I am on crutches and cannot put any weight on my injured foot. I can barely be up for any length of time, which has made even basic everyday activities difficult.

Before this happened, I worked **building and managing nightclubs**, a career I genuinely enjoy. My work keeps me active and on my feet, so these injuries have made it impossible for me to return to my normal responsibilities right now.

Through all of this, **Corie has been the person I can count on**. She has been there for me throughout this ordeal and has helped me through some of the most difficult days of my recovery.

I have always been more comfortable being the person who helps someone else than the one asking for help. This accident has put me in a position I never expected to be in.

Funds raised through HelpVy will help with **my medical and everyday living expenses** while I recover, remain unable to work normally, and focus on getting back on my feet.

If you are able to donate or share my story, I would be incredibly grateful. Every donation and every share will help through this difficult time while I focus on healing.
