

HELP MICHELLE HEAL AFTER HER MOTORCYCLE ACCIDENT

My name is **Andrew Parsons** and I'm fundraising on behalf of my girlfriend, **Michelle Romero**, who was seriously injured in a motorcycle accident.

On February 3, 2026, as she was getting up to speed after turning onto the road, another driver unexpectedly crossed into her path giving her no time to stop safely. The collision caused **significant trauma to her right leg**, and she is currently undergoing further evaluation to determine the full extent of her injuries. Doctors believe her kneecap may be broken, her tibia may be chipped, and she may have torn ligaments. An MRI is being scheduled, and there is a strong possibility that surgery will be required.

At this time, Michelle **cannot bend her right knee, is on crutches, and is largely immobile**. She needs assistance with daily activities while managing pain, uncertainty, and ongoing medical appointments.

This accident happened at a particularly critical moment in Michelle's life. She had just **started her first full-time job as a Direct Support Professional**, working in a group home supporting individuals with developmental disabilities, including non-verbal residents who depend on her patience, dedication, and compassion. Being unable to work has been incredibly difficult for her—both emotionally and financially.

Outside of work, Michelle volunteers at **Horse'n Around Rescue**, where she helps care for up to 30 rescued horses. Feeding and caring for these animals brings her immense joy and purpose, and not being able to help during her recovery has been heartbreaking.

Michelle has been riding motorcycles for about a year and truly loves the riding community she has become part of. The encouragement and support she has received from fellow riders during this time has meant more to her than words can express.

As Michelle focuses on healing and preparing for what may be a long recovery, she needs help covering everyday living expenses, medical-related costs, and staying financially stable while she is unable to work.

Every donation—no matter the size—helps ease the burden and allows Michelle to focus on healing. If you're unable to donate, sharing this fundraiser can make a meaningful difference.

Thank you for your kindness, support, and for helping Michelle through this difficult recovery.
