

HELP MY FIANCÉ KEITH RECOVER AFTER HIS MOTORCYCLE ACCIDENT

My name is **Chelsea Andries**, and I am organizing this campaign for my fiancé, **Keith Rush**.

A short while ago today, Keith was finally able to come home after being hospitalized since his devastating **motorcycle accident**. Since the accident, he has been transferred between **three different hospitals** while receiving treatment and care. We are beyond grateful he is home because we know this accident could have been so much worse.

Keith suffered multiple serious injuries, including a **broken ankle, fractured forearm, broken toe**, a **dislocated shoulder with a torn rotator cuff**, and severe **road rash**. He has already undergone one **surgery** to clean and treat the road rash, and right now he requires a **wheelchair** just to move around.

Keith is one of the most loving, hardworking, and selfless people I know. He deeply cares about his family and friends and would truly give the **shirt off his back** to help anyone in need. He is also the absolute last person who would ever ask others for help.

Keith likes to ride his motorcycle with a group of friends, it's a brotherhood that means so much to him. The riding group has always been a huge part of his life, and the friendships and support built through that group are something he truly treasures.

Keith is a **self-employed mobile mechanic**, and he takes so much pride in the work he does. Unfortunately, because of the severity of his injuries, he will be unable to work for a long time. The loss of income, along with mounting **medical bills** and daily living expenses, has placed an overwhelming amount of stress on us during this difficult time.

If you are able to **donate**, share this story, or keep Keith in your **prayers**, it would mean more

to us than words can express.

Thank you so much for your kindness, love, and support as Keith continues fighting through this long recovery.
