

HELP MY HUSBAND KELVIN HEAL AND SUPPORT OUR FAMILY

My name is **Ayesha Tucker**, and I am organizing this HelpVy campaign for my husband, **Kelvin Tatum**, after a serious accident on **October 17, 2026** changed our family's life in an instant.

Kelvin had been on his way to visit his brother-in-law when the accident happened. Almost immediately afterward, **he called me himself**. Hearing his voice and learning that he had been badly hurt was terrifying. I went straight to the accident scene, where I saw the paramedics caring for my husband before he was taken to the hospital.

Kelvin suffered a **serious injury to his right leg that required surgery**, along with significant road rash across his body, including his right side, left wrist, and forearm. During surgery, doctors placed **a rod and pins in his right leg** to repair the damage.

After several days in the hospital, Kelvin was finally able to come home yesterday. He is now using a **walker** and is having difficulty getting around as his body begins what we know will be a long recovery.

Kelvin is a **hardworking, loving, and caring husband and father**. We have **four children**, and our family is everything to him. He is also our primary provider, which makes this accident especially difficult financially.

Anyone who knows Kelvin knows the kind of man he is. **He is the first person to help someone else and the last person who would ever ask for help himself.** That is one of the many reasons I love him.

Right now, though, our family needs help.

Funds raised through HelpVy will help with **Kelvin’s medical and everyday living expenses** while he heals, remains unable to work normally, and focuses on getting back on his feet.

Kelvin has always worked hard to take care of our family. **Now I am asking our friends, family, and community to help me take care of him while he recovers.**

Thank you for donating, sharing Kelvin’s story, or simply keeping our family in your thoughts during this difficult time.
