

HELP SERGIO RECOVER AFTER LIFE-THREATENING MOTORCYCLE ACCIDENT

My name is **Kenneth Hughes**, and I'm writing this for my **great friend, Sergio Ponce**.

On **Sunday, April 12th**, Sergio and I were riding our motorcycles together on the way to his **mom's house** — just a normal day between friends.

Then everything changed.

There is **no worse feeling** than seeing your friend lying on the ground **unconscious** after an accident. It's a moment I will never forget.

I called for help, and the **ambulance arrived and rushed Sergio to the hospital**, where he remained for **six days**.

When Sergio woke up the next morning, he didn't even know what had happened.

Sergio suffered **head trauma, at least two fractured ribs, a collapsed lung, a fractured left cheekbone, a broken collarbone, and light cerebral bleeding**. His injuries were serious, and we are incredibly grateful that **he is still here**.

Sergio is a loving husband and a proud father to his **three daughters**, who mean everything to him.

He works as a **driver for FedEx**, and he genuinely loves what he does — from the **people he works with** to the **customers he serves every day**.

Right now, everything has been put on hold.

Sergio will be **out of work for a while**, and without **health insurance**, the weight of **medical bills and everyday living expenses** is overwhelming.

He has always been someone who shows up for others without hesitation.

Now, he needs us.

If you're able to support Sergio — whether through a **donation**, a **share**, or a **prayer** — it would mean more than words can express.

Thank you for standing with Sergio and helping him through this incredibly difficult time.

With gratitude,

Kenneth Hughes ☐☐
