

HELP SPENCER HEAL AND GET BACK TO THE LIFE HE LOVES

Last **Tuesday, October 20, 2026**, I was riding back toward my hotel in San Diego so I could drop off some things before returning to work when I was involved in a serious accident.

I am **Spencer Hancock**, and in a matter of moments I went from going about a normal workday to dealing with injuries that are making even simple everyday tasks painful.

I suffered a **broken wrist, a fracture in my left ankle with tendon damage, a concussion, and significant back pain**.

Using crutches isn't possible because of my broken wrist, and walking on my injured ankle has become increasingly painful. I have already had to return to the doctor because of worsening pain.

I have spent about 10 years serving in the military, I originally joined in 2014 and later returned to military service in **2023.**

Funds raised through HelpVy will help with **my medical and everyday living expenses, along with repairs to my damaged bike**, while I continue recovering.

Anything helps, I would be incredibly grateful for anyone willing to help me through this unexpected chapter.
