

HELP WILL RECOVER AFTER HIS RECENT ACCIDENT

My name is **Will Rivera**, and I never thought I would find myself in a position where I needed to ask for help.

A few days ago, I was on my way to **work** when my life changed in an instant. I was involved in a serious **motorcycle accident** that left me with painful injuries and unable to work for the next several weeks.

I suffered a **broken rib**, severe **road rash**, a **dislocated thumb**, and a **hairline fracture to my tailbone**. Doctors have told me it could take **six to eight weeks** for my injuries to heal before I can safely return to work.

I work hard as a **plumber** and proudly belong to **Union 469 in Phoenix**. Providing for my family has always been my priority. I have an amazing **fiancé and a son** that I love more than anything, and being unable to work has been incredibly difficult for all of us.

Starting this campaign is not easy for me. I have always been the type of person who handles things on my own, and I honestly have a hard time asking family and friends for money. But right now, I do not have many options.

As the **breadwinner** of my family, the loss of income along with mounting **medical bills** and everyday living expenses has created a tremendous amount of stress during an already painful recovery.

If you are able to **donate**, no matter the amount, it would mean more to me and my family than words can express. If you cannot donate, please consider **sharing my story** or keeping me in your **prayers**.

Thank you for your kindness, support, and generosity during one of the hardest times in my life.
