

## HOPING FOR HELP AFTER MY TRAGIC ACCIDENT

My name is **William Goodwin**, and I never imagined I would be writing something like this from a hospital bed.

Last **Thursday, January 8, 2026**, my life changed in an instant. I was riding my Harley-Davidson motorcycle in **Fairhope, Alabama**, when a car suddenly pulled out of a parking lot and stopped in the highway directly in front of me. I was traveling about **50-55 mph** and had no time to react. I collided with the vehicle and was severely injured.

Because of the impact, I had to be **life-flighted** to the hospital, where I am still admitted today. The injuries were serious — I suffered **multiple fractures to my pelvis** and a **fracture to my left hip**. The day after the accident, I underwent **major surgery to reset my pelvis and hip**. It's been overwhelming, painful, and honestly scary.

Doctors have told me I will be **out of work for 10 to 12 weeks**, and possibly longer depending on how my recovery goes. Right now, my focus needs to be on healing, but the reality is that bills don't stop just because life does. Between **medical expenses, rent, utilities, food, and everyday living costs**, the financial stress is already adding up.

I've always tried to give back when I can. I **volunteer at the Styx River MX & ATV Park**, helping support a community I care deeply about. I never expected to be the one asking for help, but right now I truly need it.

This fundraiser is to help cover my **medical and hospital bills, recovery and rehabilitation costs, and everyday living expenses while I'm unable to work**.

Any support — whether it's a donation or simply sharing my story — means more to me than I can put into words. Your kindness allows me to focus on recovery and getting back on my feet.

Thank you from the bottom of my heart for taking the time to read this and for being part of my journey forward.

William ☐☐
