

HOPING WE CAN HELP REGINALD AFTER HIS TERRIBLE ACCIDENT

Hi, my name is **Reginald Davis**, and in October 2025, my life changed forever after a devastating accident.

At the time of the accident, I was working, but because of the injuries I suffered, I have not been able to return to work and continue to face a long and uncertain road to recovery. Every day brings new physical, emotional, and financial challenges.

I was involved in a serious collision with an eighteen-wheeler that had no working lights or blinkers. The impact caused severe, life-altering injuries. I have already undergone multiple major surgeries, and my recovery is far from over.

My **right leg** required surgery to repair a broken femur, where doctors implanted a rod and bolts.

My **left leg** also required surgery, with a metal plate placed from my ankle all the way up to my knee.

My **left arm** was broken, and surgeons implanted a rod and screws near my wrist to stabilize it.

In addition to these injuries, I suffered **broken ribs** and developed an **enlarged heart**, which has made my recovery even more complicated. I live with constant pain, limited mobility, and the uncertainty of when—or if—I will fully heal.

Because I am unable to work, I am struggling just to survive. Medical bills, basic living expenses, and the ongoing costs of my recovery have quickly become overwhelming. I am doing everything I can to stay strong, but I cannot do this alone.

I am asking for help during this incredibly difficult time. Any support—whether through

donations, sharing my story, or words of encouragement—means more to me than I can ever express. Your kindness gives me hope as I continue fighting to heal and rebuild my life.

Thank you from the bottom of my heart.

Reginald ☐☐
