

LET'S HELP CHRIS AFTER HIS SERIOUS MOTORCYCLE ACCIDENT IN TEXAS

My name is **Zac Finders**, and my **Brother Chris Palmer** was in a serious accident two weeks ago in Fort Worth, Texas.

On February 22, 2026, at approximately 12:40 PM, Chris was riding his motorcycle when a truck driver made an improper right turn from the middle lane, crossing in front of him. The driver was inattentive and struck Chris, causing a devastating crash. His 2004 Harley Davidson Springer Softail was completely wrecked.

Chris was rushed to the hospital, where **he spent four days admitted** — two days in the trauma ward and two days recovering post-operation. He suffered a **crushed left leg and has already undergone multiple surgeries**. Doctors have made it clear that this will be a **long road to recovery**. They are estimating at least **eight months of recovery and rehabilitation**. Right now, Chris is in a wheelchair and using a walker as he begins the difficult journey of healing.

Chris is a **Senior Superintendent** overseeing commercial construction projects. At the time of the accident, he was in the Dallas/Fort Worth area supervising a hotel build. His career requires him to travel and live wherever the construction projects take him. With **home being in Boise, Idaho**, Chris takes tremendous pride in his work and the teams he leads across the country.

Chris is **married to Christina**, and his wife is currently in South Africa studying in a 12-month field guiding program. He and his wife are **incredibly adventurous** — in fact, they spent 2023 traveling the world together. Their life has been built on hard work, exploration, and supporting one another's dreams. Now, **with her overseas and Chris recovering alone in Texas, this time is especially difficult**.

Chris is currently in Dallas recuperating. Being far from home, away from his wife, and unable to work has created tremendous emotional and financial strain.

Beyond his professional life, Chris is deeply committed to his community. He is a proud member of **B.A.C.A. — Bikers Against Child Abuse** — an organization dedicated to creating a safer environment for abused children and empowering them to not be afraid in the world in which they live. B.A.C.A. members stand united to provide emotional support and physical presence for abused children, working alongside local and state officials to ensure kids never feel alone or afraid. Chris has always been someone willing to stand up for others.

He is also a **renowned guitar player** and has been active in the **Boise music community for the past 20 years**. He played in the bands **The Fallen Idols** and **Stone Prophet**, sharing his talent and passion for music with countless friends and fans over the years.

Now Chris needs our support.

With at **least eight months of recovery and rehabilitation ahead of him**, he is unable to work and facing mounting living expenses during this extended healing process. This fundraiser is to help cover his living costs while he focuses fully on recovery and regaining his strength.

Chris has spent his life building, protecting, creating, and supporting others. Let's rally around our brother now and help him get back on his feet.

Any contribution, no matter the size, will make a difference. If you are unable to give, please share and keep Chris in your thoughts and prayers as he begins this long road to recovery.
