

PRAY & HELP LANCE & KATHI ROGERS HEAL AFTER DEVASTATING MOTORCYCLE CRASH

Hi everyone,

My name is **Jaydon Rogers**, and I'm reaching out with a heavy heart to ask for support for my amazing parents, **Lance and Kathi Rogers**. I still can't believe this happened to them. Just a few days ago, they were out riding together like they love to do, enjoying time with each other. In a moment, everything changed.

On **February 28, 2026**, my parents were involved in a devastating motorcycle accident in **Galveston, Texas** when a vehicle attempted to make a left turn across traffic and struck them. What should have been a normal ride turned into a life-altering crash.

Both of my parents are still in the hospital.

My dad, **Lance**, is currently in the **Intensive Care Unit (ICU)** because of serious breathing complications related to his injuries. He has already undergone **four surgeries** and will require **additional surgeries to his leg, knee, and shoulder** in the coming weeks as doctors work to repair the extensive damage from the crash.

My mom, **Kathi**, also suffered serious injuries and had **surgery on her left leg the day after the accident**. She is still recovering and facing a long road ahead.

One moment from the accident says everything about the kind of dad and husband my father is. The very first thing my dad said after the crash was, "**Kathi, are you okay?**" Even though he must have been in extreme pain from his own injuries, his first concern was for my mom. That's the kind of man he is, and that's the incredible dad I have.

My dad serves as a **Chaplain for the Texas Department of Criminal Justice**, dedicating his life to supporting and ministering to others during some of the hardest moments of their lives. My mom **works from her home office for Green Imaging** and has always been the steady support behind our family.

More than anything, my parents are people of deep faith. They are active members of **Coastal Community Baptist Church in Galveston**, and our family motto has always been **“Live on Mission.”** To them, that means loving people well, helping others, and serving wherever they are called.

Our family is also proud to serve our community in other ways. **My father and I are proud Texas Freemasons and Shriners**, organizations dedicated to brotherhood, charity, and helping others in need.

Anyone who knows my parents knows how special they are. They are loving, kind, witty, and incredibly generous people who truly care about everyone they meet. They love **Jesus**, they love **people**, and they've spent their lives pouring into others.

My dad would probably want me to mention that he believes **he's the funniest person he knows** — and honestly, he might be right.

Right now, our family is facing an overwhelming situation. With multiple surgeries, long hospital stays, rehabilitation, and time away from work, the **medical bills and living expenses are quickly adding up.**

We're asking for help so my parents can focus on healing instead of worrying about how everything will be paid for.

If you're able to give, share, or simply keep them in your prayers, it would mean the world to our family.

Thank you for supporting Lance and Kathi during this incredibly difficult time.

Jaydon Rogers ☐☐
